

TUTOR GUIDE: Setting up, distributing and reporting on Learning Pathways

We are delighted that you would like to set up your first learning pathway. Please follow the instructions below to register with the School, set up, distribute and then report on a learning pathway. If you have already created an account on the School, please skip to **Step 3**.

NOTE: You need administration rights to do this task – if you don't have them, speak to your key contact at the college who can change it or contact **Lucy** who can give you them.

Step 1: To register for an account, please click this [link](#). The below form will then appear. Please enter your basic information and use your work/college @ac.uk email. When you are asked to enter your trade, please select 'Academic'. This form should take no longer than 5 minutes to complete.

TUTOR GUIDE: Setting up, distributing and reporting on Learning Pathways

Step 2: The system will use your email to see if your organisation is already registered.

NB: If it is already registered, it will ask you to join the company (the college/ university) listed in the drop-down menu. Click the button in the green box to join your organisation's account.

Once confirmed, you will have successfully created your School account.

1 → 2 → 3
Your details → Your preferences → Your company

Link to your organisation

Enter your company name in the field below. If your company already exists, select it from the options presented

Company

× Please select

TUTOR GUIDE: Setting up, distributing and reporting on Learning Pathways

Step 5: On the next screen, click to 'Create Learning Pathway'.

Manage learning pathways

All F A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Search:

Show 10 entries

Learning pathway name	Type	LP Level	Assigned	Completions	View	Report	Manage
A Learning Pathway for New Starters to the Supply Chain School	User self-enrol	1			View	Report	

CREATE LEARNING PATHWAY

Step 6: You will be asked to fill out the following details regarding the learning pathway. Please see below for more information on what to include for each of the sections.

Learning pathway name
Description

Badge name
Expiry days

Type
LP Level
Conditional access
Due date

If you would like to set up "levels" (sets of resources increasing in difficulty), you can select up to 5 levels (optional).

Choose "user self-enrol" as the "type" of learning pathway.

If your learning pathway contains "levels" you can select which level needs to be completed before the users can proceed (optional).

Leave "conditional access" blank.

You can leave the "due date" field blank too.

You can leave all other fields blank so you can scroll down to the bottom and click 'Save changes'.

TUTOR GUIDE: Setting up, distributing and reporting on Learning Pathways

Step 7: You will then be taken back to the 'Managing learning pathways' menu. Please see below image which indicates what each button does:

The screenshot shows the 'Manage learning pathways' interface. It includes a search bar, a table of learning pathways, and a 'CREATE LEARNING PATHWAY' button. Callout boxes provide the following information:

- Report (top left):** Downloads an excel report of which users have completed which resources and when.
- Report (bottom left):** Choose resources and completion routes.
- Manage (top right):** Deletes the learning pathway.
- Manage (bottom right):** Edits the learning pathway settings (e.g. name, type, description, etc.).

As shown above, to select resources for your learning pathway, click the pen and paper icon.

On the following screen, simply type a keyword or resource title in the search field next to 'add resource' and the system will auto-filter for you. You can select unlimited resources. You may want users to complete all or some of the resources – you can choose which resources are mandatory, and which are optional, or select which number of resources a user must complete to achieve the learning pathway. See below screenshot for an example of this:

The screenshot shows the 'Edit learning pathway' interface. It includes a search field for adding resources, a dropdown for pathway completion rules, and a 'SAVE CHANGES' button. A callout box highlights the completion rule dropdown, which shows options like 'This learning pathway is achieved when all resources marked required are complete' and 'This learning path is achieved when the specified number of resources are complete'. Another callout box shows a modal for selecting the number of resources to complete, with options for 1 or 2.

Step 9: Send out the link to your students, along with any information you deem necessary concerning due date, topics, etc. Please include the **STUDENT GUIDE Registration and Learning Pathways** PDF in any communications you send to help them complete the learning pathway.

Step 10: Once sent, you can easily report on who has enrolled and what is in progress by going to the 'Manage learning pathways' menu. To see how many students have completed the learning pathway you can either see the figure under the 'Completions' tab or download the 'Report' (*highlighted in the green boxes*) for more detail on student's progress.
