[Meeting notes](#)

1. School Update:

Alice gave an update on the school, including a summary of the previous year's targets and where the group is against the new targets for this year. The group were also given opportunities for collaboration, outlining possible conferences for speaking opportunities in line with the group's targets.

Actions:

Please email alice.crowsley@supplychainschool.co.uk if you are interested in speaking at a conference.

2. Future Workforce Group:

Holly joined the group to discuss the Future Workforce Group. She gave an overview of current partners in this group and their aims:

- To educate and upskill the future workforce of industry on sustainability and the sector.
 - Engage industry and education to close the skills gap, and education-industry gap
 - Widen & amplify the reach of existing resources and work that enables a sustainable future workforce
 - Develop new content that enables more sustainable skills in the future workforce, inspires the next generation of professionals and can be easily used by educational professionals

Actions:

Holly asked the group for any input into the following:

Resources

Do you have resources aimed at future workforce you're willing to share?

Collaboration

Would you like to be involved in this group?

Connections

Construction Leadership Group Meeting
Wednesday 22nd May 2024

Which education providers are you working with that could work with the School?

Ideas

What does the Construction Leadership Group want prioritised in the future workforce?

Please email holly@supplychainschool.co.uk if you have anything you would like to share with her.

3. Collaboration:

Robyn gave an update on where we are with collaboration, reminding the group if who we would be collaborating with this year, as part of the business plan:

- Future Workforce
- Modern Slavery
- Procurement
- Nature Recovery

4. Legislation, Regulation & Policies

Robyn discussed the plans for an Industry News Microsite where partners will be able to get updates on important legislation and regulation that will impact their sector. The group then went into breakout rooms to discuss what areas they would like to see included in this. Some of these were:

- Carbon reduction Scope 1, 2 and 3 reporting for whole supply chain
- Net Zero Building Standard
- Anti-greenwashing rules and requirements from CMA

(please see the full list on the Jamboard attached to the email)

5. Priority Suppliers Tutorial

We looked at the blockers that were making uploading the priority supplier list difficult so that we could address these issues in the tutorial. This included:

- Not knowing how to identify a priority supplier
- How to upload the list
- Finding out the correct details for the list

(please see the full list on the Jamboard attached to the email)

The next Leadership group meetings will be:
